

21 Days of Fast and Prayer
2025 Prayer Guide and Devotional

This Guide Belongs to: _____

Introduction:

This guide is meant to help us keep unity in our prayer focus and help guide us in taking a daily time of worship, meditation of the Word and prayer, during the next 21 days. We pray and desire that this time of corporate fasting and prayer will bring us into a closer and more intimate relationship with God and help us grow in our spiritual relationship to one and another. We ask God that during this fast He will breathe new life upon all the different areas of our lives as we seek Him. And that our spirits will be inspired and be set ablaze by the fire of the Holy Spirit to provoke impact in our church, our families, our community and our region.

As we begin tomorrow these 21 days, remember this is NOT a diet, if you control what you eat but you don't take daily time to pray and seek God, you are then just having a nutritional diet and not a spiritual fast. Fasting is important because it makes us more sensitive to the Holy Spirit. When we fast, we are denying ourselves the pleasure of eating or doing something we find pleasurable to declare we submit and surrender to God. It is an act of humility and worship, in recognition that we are asking God to cleanse our bodies and take away anything that hinders our connection with Him. Some Christian leaders through Church history have called the union of fasting and praying an Atomical Spiritual Bomb, for the power it has, to align ourselves with God's purposes.

We live busy life schedules that make it sometimes complicated to set aside some quiet time between us and God. The following are suggestions to help you set aside prayer time for this moment but also something that could be applied to everyday to cultivate a stronger prayer life.

1. Be Intentional - We live in a hustling and buzzing time that requires a lot of our time and attention, just like we do when we are starting to cultivate a relationship, we need to intentionally set aside time for prayer. If we don't take the time to make it happen, it is unlikely it will happen spontaneously.
2. Set Alarms - Sounds basic, but sometimes we fail in the little things. Make sure to review your schedule and evaluate your daily engagements and needs and set alarms to remind yourself of the times you have compromised to pray.
3. Anytime is better than no time – Depending on how complex your schedule is or not consider setting aside 10, 15, 30 or 60 minutes in the day. Consider they don't have to be all together; it can be at different moments in the day. For example, take a few minutes when you wake up and you are showering, pray while you are in your car on the way to or from work, do it during your quick break or your lunchtime or before you go to bed.
4. Tradeoff to Upgrade – Not all the things we do in the day are necessities, if you spend time in the day scrolling social media or watching tv or browsing online, take some of that time instead to pray and read the Word.
5. Support each other – we are all in this time of fast and prayer together, if you have the opportunity call or video or meet with others for a quick moment of prayer together. Even if you cannot meet, consider praying for others.

Day 1: HANGRY!!!

January 13, 2025

📖 Bible Verse of the Day: Blessed are those who hunger and thirst for righteousness, for they shall be satisfied.
Matthew 5:6

🔖 Quote of the Day: "The key to Christian living is a thirst and hunger for God. And one of the main reasons people do not understand or experience the sovereignty of grace and the way it works through the awakening of sovereign joy is that their hunger and thirst for God is so small." - John Piper

🎵 Worship Songs for Today: Nothing Else – Cody Canes, As The Deer Pants - Matt Gilman

Devotional:

We have all become familiar with the term Hangry, we have seen commercials referring to it and funny memes and pictures of characters in desperate hunger. Hangry refers to a person that has gotten to a point of hunger, that it alters their mood and behavior. The person is so hungry that they cannot concentrate on anything else but the fact that they want their hunger to be satisfied. Hunger is the body's physiological innate reaction to remind us to provide it for the nutrients it needs to function. Severe hunger causes a person to have abdominal discomfort, Cravings, growling in their stomach, Grumpiness, Headache, Light-headedness and makes them think about food constantly. As believers we are called to be hungry and thirsty for the presence of God. God's presence manifested in our lives has the power of satisfying all our needs in a way no natural substance can do it. As we fast, we surrender our physical body desires to recognize that we need more of God. Does your life reflect that you have hunger for God?

Today's Prayer:

Lord, we recognize that we need YOU. Allow your Holy Spirit to work in us increasing the hunger and thirst for YOUR presence. Take away all the things that try keep us falsely satisfied with the things of this world. But rather open our spirits to long and yearn for the things of Heaven. We want more of You God, and You promise to satisfy those who are hungry. So, satisfy our cry as we submit to you in these 21 days of fasting and prayer! In Jesus name we pray, Amen!

Day 2: What's the password?

January 14, 2025

📖 Bible Verse of the Day: Now we have received not the spirit of the world, but the Spirit who is from God, that we might understand the things freely given us by God. 1 Corinthians 2:12

✦ Quote of the Day: "If I were Satan and my ultimate goal was to thwart God's kingdom and purposes, one of my main strategies would be to get churchgoers to ignore the Holy Spirit." - Francis Chan

🎵 Worship Songs for Today: Holy Spirit - Jesus Culture, Rest on Us – Maverick City

Devotional:

When you go to a place where your phone or computer don't have signal the first thing you usually ask is what's the WIFI password. With modern times, we have gotten accustomed to the fact that we have WIFI in most places, allowing us to connect to the internet and be able, to search, hear and see the things we want. A place can have a WIFI signal available but unless you choose the correct channel to connect to and you have the password you are not able to get the right connection. In the same way a WIFI connects us, God left us the Holy Spirit to be able to connect with Him through worship, prayer and be able to feel His presence manifested in our lives. But sometimes we are so busy and distracted with the things of our day-to-day life that we don't remember to connect to the signal of the Holy Spirit. God is there waiting for us to search HIM, ask HIM, He has things he wants to show us, and He has words and sounds of Heaven He wants to share with us, but we are failing to find our password. Have you considered that living in you is the most powerful and most amazing WIFI in the existence, allowing you to connect to God and heaven? When was the last time you took time to say God want You want to say to me, speak to me through your Holy Spirit?

Today's Prayer:

Father, please allow us to be sensitive to the voice of your Holy Spirit. Fine tune and anoint our mind, our eyes, our ears and our spirit to be able to receive from your Holy Spirit what you want us to receive. Help us be conscious of the things that distract us and block us from receiving your signal from Heaven. In Jesus name we pray, Amen!

Day 3: Growing the Power that Transform All

January 15, 2025

📖 Bible Verses of the Day: One of those days Jesus went out to a mountainside to pray and spent the night praying to God. Luke 6:12; And it came to pass, that, as he was praying in a certain place, when he ceased, one of his disciples said unto him, Lord, teach us to pray, as John also taught his disciples. Luke 11:1

✦ **Quote of the Day:** "Every time we pray our horizon is altered, our attitude to things is altered, not sometimes but every time, and the amazing thing is that we don't pray more. - Oswald Chambers

🎵 **Worship Songs for Today:** I Speak Jesus – Charity Gayle, Pray - Santus Real

Devotional:

Prayer is an extremely powerful weapon, but we often neglect or don't fully understand its impact. Through prayer, we have the ability to communicate with God, to intimate with Him and to claim the fulfillment of His Promises. During his time on Earth, Jesus often took time to pray and express the importance of prayer. He prayed in public, he prayed in private, he prayed at different hours. There are at least over 24 instances of Jesus praying, including right before his biggest miracles and his hardest moments. Think for a moment if you had Jesus right in front of you and you could ask him to teach you in person something; What would you ask for? His disciples chose to ask him to teach them how to pray. After all they saw and experience with Jesus, that was what they asked of him.

Today's Prayer:

Lord help us have a clear and real understanding of the power we have through prayer. Help us to grow in prayer in a way we can become more effective in our communication with You and be able to unite with You on the fulfillment of the Promises You have given us. In Jesus name, Amen!

Day 4: Stop, the clock is running

January 16, 2025

📖 Bible Verse of the Day: Be very careful, then, how you live, not as unwise but as wise, making the most of every opportunity, because the days are evil. Therefore, do not be foolish, but understand what the Lord’s will is. Ephesians 5:15-17

✦ Quote of the Day: “If the devil cannot make us bad, he will make us busy.” - Corrie Ten Boom

🎵 Worship Songs for Today: Goodness of God - Cece Winnans, Worthy of it All – David Brymer

Devotional:

God gives us 1,440 minutes each day to live each moment to the fullest. Have you considered how much of your daily time you allow for God or for the things that really matter? The Bible teaches us that there is a time for everything, but it is our responsibility to manage it profitably to do everything He has us do. Time is something that is not under or control, the only thing we can do is ask God wisdom on how we manage the use of it. During this time of fasting, consider those areas of your life that have been left unfinished due to a lack of discipline in managing your time. Set short- and long-term goals, plan objectives, and review your progress regularly. With God on your side, you will undoubtedly accomplish more and fulfill the word of being faithful in the little things and positioning yourself so that God will give you more.

Today's Prayer:

Lord, I ask that you help me to plan, to have goals, and to be faithful to those objectives in order to achieve them. Organize my thoughts and align my spirit with your Will and your Word so that I can live an abundant life in the fullness that You have promised me. In Jesus name, Amen!

Devotional:

In the early 1900 it is estimated it took a 100 years for knowledge to double. By 1945 it is estimated it only took about 25 years for human knowledge to double. Nowadays it is estimated that depending on the subject of focus the doubling of knowledge takes between 13 to 18 months. And that is expected to increase exponentially with the availability of access to internet and telecommunications. Now more than ever before, we have more access to information. You can literally in a matter of seconds look up any topic. However, the accessibility to information and the increase of knowledge does not necessarily mean we are wiser or necessarily more effective. Often, we repeat a lot of similar mistakes that have affected and impacted previous generations that didn't have all the information we got. Having knowledge is possessing a collection of facts and information, while having wisdom is having the ability to apply and make decisions with the information, we the knowledge we got. As believers in modern times, we have access to all sorts of Bibles, study resources, audio, video and communications systems that believers in the past couldn't even dream. Yet somehow it begs to question what difference are we doing with all the resources we got our disposal. Are we being more effective? Are we causing a bigger impact? Or do we keep looking at stories of the past and wondering and hoping we could see or experience the stories we read?

Today's Prayer:

Lord, you promised to give wisdom to those who ask you for it. Today we ask, Lord give us wisdom! Give us wisdom to be good stewards of all the resources you allow us to have in our generation. Show us Your ways and give us wisdom to partner for Your will to be done in earth as it is in Heaven. In Jesus name, Amen!

Day 6: Ugh, it's clogged!

January 18, 2025

📖 Bible Verse of the Day: Wash away all my iniquity and cleanse me from my sins. Psalm 51:2

✦ Quote of the Day: "May not a single moment of my life be spent outside the light, love and joy of God's presence and not a moment without the entire surrender of myself as a vessel for Him to fill full of His Spirit and His love." - Andrew Murray

🎵 Worship Songs for Today: Withholding Nothing - William McDowell, Finally I Surrender - Misty Edwards

Devotional:

Did you know the average human hair strand has a width between 0.17 to 0.18mm while the average sink pipe has width of 38mm. Yet hair is on the most common causes of clogging pipes. As tiny and fragile as the hair strands are they manage to adhere to the walls of the pipe in a way that it starts accumulating all the dirt that flushes down. And end up causing severe clogs that can affect the flow of the water or all together block the water from flowing at all. Plumbers recommend people should do a proper cleansing and flushing of the drains at least once a week and do a professional cleaning once a year. If you ever taken it upon yourself or seem someone pull out a hair clog from a pipe, you can recall is hard to pull out, is slimy, yucky, dirty and often times it smells rotten. Similar to this there are areas in our lives, thoughts, feelings, sins, interactions with the occult, pain from past or present hurts that we ignore because we fool ourselves to believe oh that is just miniscule it does not matter, I will just ignore. But those tiny things are blocking what God wants to work and do in our lives. So instead of having a full free flow of the Holy Spirit, we only getting drippings of what we can experience; When God is willing and expectant to give us so much more, but we are not realizing we just need to surrender it all. As we continue in these days of fast and prayer, make inventory of what might be the hidden parts of your life you have not fully surrender to God.

Today's Prayer:

Lord, we want to completely surrender to You. Please do a serious plumbing job in your life and unclog all the junk out of our lives. Take away all those little or big things that are hindering the flow and manifestation of Your Holy Spirit in us. Makes us aware of the things in our lives that might be hidden even from our thoughts and help us realize what we need to let go off as we surrender to You. As your Word says cleanse us with Hyssop and make us clean. In Jesus name, Amen!

Day 7: The Ultimate Fan

January 19, 2025

📖 Bible Verse of the Day: Everyone called by My name and created for My glory, whom I have indeed formed and made. Isaiah 43:7

🎵 Worship Songs for Today: Agnus Dei - Jaye Thomas, Revelation - Chris Tomlin and Kari Jobe

Devotional:

Many of us as teenagers spend hours listening to the radio to be able to press rec at the exact correct time to be able to record the latest song of our favorite artists. You save the little bit of money we could get to buy the new tape/ CD, be the first at the music store when it came out. You memorized every single word of the lyrics of the new songs, because any proper fan knows all the songs, not just the popular ones. You would have their posters, newspapers and magazine clips covering all over my walls. You write their names in your books, backpacks, t-shirts and even in your bodies. You be always ready to explain to anyone why your favorite artist, was the absolute best of all. And when the concert tour came to your city, you would spend endless hours buying the tickets and then even more hours to be in line to go in and get good seats. At the concert you would sing and shout as your life depended on it. We were super fans giving our best to connect with our favorite artists, and we did not care how we behave or if we seem ridiculous. Now as believers how careless and bold are we in our worship? Do we limit our worship to Sunday morning service? Do we sing on the top of our lungs, or do we ponder if we should sing at all or not because it might be out of tune? Do we raise our hands and move in admiration of God's greatness, or do we wonder if we should do it or not because it might look too fanatic, and we don't want to make a ridicule. Our worship should be our expression of our love and gratitude for who God is. Our God that made heavens, Earth, that made us, guide us, loves us and sacrifice for us. Let us not underestimate that when we worship Him, we are partaking on the purpose of our creation, and we are uniting with all the angels and living creatures in Heaven that worship Him 24/7. Next time you take a moment to worship, forget about everything around you, and focus on the fact that moment is between You and God to pour out your heart to Him and He is Worthy.

Today's Prayer:

Lord, you created us for the Worship of Your name. Open our minds to have a greater revelation of your beauty and holiness. We ask that the Holy Spirit stir up in our lives the arts and the talents we can use to worship you. Increase creativity, so we will be able to see the different ways we can worship. May our lips be burned with words of praise, and songs that come from Your Throne Room. In Jesus name, Amen!

Day 8: What is on your List?

January 20, 2025

📖 Bible Verse of the Day: Trust in the LORD with all your heart and lean not on your own understanding; Proverbs 3:5

✦ **Quote of the Day:** If you look at the world, you'll be distressed. If you look within, you'll be depressed. If you look at God you'll be at rest. - Corrie Ten Boom

🎵 **Worship Songs for Today:** I Trust in God - Elevation Worship, Trust you Jesus - Aaron Keyes

Devotional: There's a testimony of a young Christian family that was going through a difficult time, they had a little 4yo girl and a baby boy that was barely few months old. The woman had stopped working as she help to be a caregiver for her mom. The father of the family had lost his job and God told him to prepare as he was soon going to go do missionary work in another country. While he was looking for jobs and praying God about the words he had received. He would go out on his bike every day with a wooden box full of basic tools, offering to do house repairs to make some money although sometimes it might take a few days to get paid. The resources they had were limited and they had run out of groceries. In the afternoon they gather in the middle of the tiny living room and the mom made a list of the basic groceries they needed to get through the week. Together they kneel having their kids with them and pray to God, declaring Father you have promised to take care of our needs as we seek you, we need the items on this list. A few hours later someone called at their door, it was a friend from church with bags of groceries. She said: "I was doing my groceries and God stir in my heart that I had to get these for you." When they opened the bags, every single one of the items on the list they had prayed for were there, not more, not less, but exactly what they needed. Throughout the next several months other miracles kept happening and God made provision and way for the whole family to go missionary work another country. The dad minister and help men suffering with alcoholism, the mom minister to women suffering domestic violence, all the meanwhile they lived in a small poor community where they help to restore local churches. One day their little girl got extremely sick with stomach flu and severe fever that was getting worse by the day. They were very concerned as the community where they lived was hours away from the town where they could have access to a doctor. After they prayed and put the kids to bed, the parents were talking among themselves and agreed the next day they would need to take the bus to the city to see a doctor. The little girl heard them and sat in the bed and said why are you worried, we just prayed, and God is going to heal me. The next day when they woke up all the symptoms including the fever were completely gone. You see in the middle of the challenges and circumstances this family faced they never ignored or denied their reality, nor did they try to hide it from their kids. Instead, they chose to trust God above what they were seeing and pray to Him, in the process teaching their kids an important lesson about trusting God. As we go into our time of reflection and prayer today, consider taking a piece of paper and write to God what are the things you are most concern about and cast your worries upon Him, trusting that He cares for you.

Today's Prayer: Lord, please forgive us when we put our focus on the issues before us and we neglect to recognize that nothing, absolutely nothing is impossible for you. Forgive us when we try to do things in our own might and strength and understanding. Please help guide our paths in a way that your Holy Spirit will keep us focus on the fact that You are mighty, and You have care for every aspect and need of our lives. We submit our problems, our challenges, our angers, our dreams, our desires and our hopes to You. Guide our lives God and let our lives be a testimony that we trust you!

Day 9: Carry what you Need, Let Go what you Don't

January 21, 2025

📖 Bible Verse of the Day: "Take away the stone," he said. "But, Lord," said Martha, the sister of the dead man, "by this time there is a bad odor, for he has been there four days." Then Jesus said, "Did I not tell you that if you believe, you will see the glory of God?" John 11:39-40

✦ **Quote of the Day:** Faith is deliberate confidence in the character of God whose ways you may not understand at the time. - Oswald Chambers

🎵 **Worship Songs for Today:** Believe for It - Cece Winnans, Still - Hillsong

Devotional:

There is an anecdote that talks about a small rural farmer town in the 1950s that was going through a severe drought. The people of the town were desperate because this was impacting on their livelihood. The situation was so dire they decided to go to the local small church and ask the priest to pray for a miracle and plead God to send them rain since he was constantly telling them that nothing was impossible for God. The priest agreed to pray with them under one condition, they had to pray with faith believing it will be done. So daily all the town people would go to the church and pray asking God to send rain. After a few days nothing had changed and they went to confront the priest, questioning why nothing had happened. He responded saying, if you had faith that God could sent the rain, why none of you have ever came to church carrying in an umbrella. Similar to this story there is an actual testimony from the Azuza Revival, a man that had wooden leg when to Seymour and asked him to pray for his leg as it was starting to get gangrene. The preacher upset looked at the man and said "You have the wooden leg on. It would be a challenge for God to grow a leg out when the wooden leg is attached." After removing the artificial limb, the man stood before Seymour balancing on his good leg. Seymour laid hands on the gentleman and prayed, "Let Thy name be glorified. In the name of Jesus, I command this leg to grow out. The gangrene is gone; you are healed." To everyone's amazement, they saw movement in the empty pant leg; suddenly, the leg grew out. The crowd went wild with rejoicing and praise as the man ran around the room. Brother Seymour could not even preach that night; everyone was shouting and dancing until two in the morning. About 1,000 people were saved because of this one miracle. We say with our words that we believe God can do anything, but are we really truly believing for what we praying for?

Today's Prayer:

Lord, thank you for this great promise of hope, this fundamental truth of our salvation and our life. O God, strengthen both my faith and my faithfulness, my dependence and my trustworthiness. Let me truly find fullness of life through persistence in faith. In Jesus name, Amen!

Day 10: What is your Superpower?

January 22, 2025

📖 Bible Verse of the Day: I looked for someone among them who would build up the wall and stand before me in the gap on behalf of the land so I would not have to destroy it, but I found no one. Ezekiel 22:30

✧ **Quote of the Day:** “The first truth is that Christ actually meant prayer to be the great power by which His church should do its work, and that the neglect of prayer is the great reason the church has not greater power over the masses in Christian and in heathen countries.” – Andrew Murray

🎵 **Worship Songs for Today:** Raise a Hallelujah – Jonathan and Melisa Hessler, In Jesus Name - Kathy Nicole

Devotional: Did you know that in just the past 25 years in the USA, they have produced over 300 movies about superheroes. According to Statista in just the year 2019 it is estimated that the revenue of the movie tickets from action heroes' movies was 3.19 billion US Dollars. We love seeing our heroes unlimited and having supernatural capacities that allow them to undo evil and do good. Psychologists believe that our fascination for this comes from an intrinsic need of feeling someone will be able to come to our rescue. And it makes sense when we look at the mess around us, who wouldn't like to have a Superman to catch bad guys, or a Dr Xavier that can help read people's minds or an Arrow to deal with corruption. But what if I tell you that you have access to a real superpower called intercession. You see when we pray, we are communicating with God, but when we intercede, we are taking a stand before God and heaven to do something in favor of a person, a region, a situation. Like for example have you consider that through intercession you can literally take a stand between life or death. And this is no exaggeration, there are several testimonies in the Bible and in modern life. There is a testimony of a teenage girl that woke up in the middle of the night and began to intercede for God to protect the life of a guy from church, she did not know why, but she spent an hour crying for his life. Next day she heard the night before that a guy was walking home from the park and a group of drug dealers mistook him for someone else. They were beating him up as he kept begging them to stop but they were not listening and they put two guns on his head. When this happened and tall glowing man figured showed before them and said let him go now. They released the guy and took off running screaming don't hurt us. When he got up, looked around and couldn't see anyone nearby. Like this there are many testimonies of how intercession had made a difference between life and death and even made impact in big historical moments. During the Second World War there was a group of intercessors that would gather in England praying for God to give favor to the allied forces and to confuse the enemies' decisions. Years later when looking at the historical records of these meetings they coincide with the dates when big decisions were made that impacted on the outcome of the war. What big impact you wish to see around you? What makes your blood boil? Have you considered interceding over these matters? Keep in mind prayer and intercession is NOT a magic stick, sometimes we see prayers answers quickly, sometimes it takes a long time to get an answer, and on some occasions, we might not see it, but it does not mean that it will go unanswered.

Today's Prayer: Father, awaken in us the fire of intercession, let us have a clear understanding of what and how you want us to intercede. Thank you for allowing us by the blood of Jesus to partake in been mediators and intercessors before Your throne of justice. Help us take a stand on Your promises, until we see Your will be done. In Jesus name, Amen!

When we begin to feel the battle is just too difficult and want to give up, we must choose to resist negative thoughts and be determined to rise above our problems. Have you ever heard of the expression "Dripping water hollows out stone". This is a true statement, if you got a water droplet consistently and persistently falling on top of a rock it will end up altering the matter of the rock and can ultimately reduce it to particles. It is not because the water is stronger than the rock but rather because the dripping was persistent over a long period of time. As modern believers one of the biggest issues we have got is that we lack consistency in our spiritual lives. We are too busy; we got way too much entertainment and stimulus and our generations have gotten used to getting things done quickly. You want to talk to someone and you text message and expect a reply in seconds. You want to heat your food and boom, throw the plate in the microwave and press +30 (let's be honest we don't even bother to enter the cook time). However, prayer and intercession is not a magic stick, a WhatsApp message or a microwave. Sometimes part of our spiritual growth is learning that we need to be consistent and persistent until we see results, or we hear from God to do differently. While teaching Jesus himself gave two parables about the importance of persistence in Luke 11:5-9 and Luke 18:1-8. In both of these stories the man and the woman obtain what they were asking for because of their persistence. In some Bible translations it says that they were answered because of their importunity, their boldness, their audacity, their shameless persistence. In the things you are waiting on from God, are you been shamelessly persistent in your prayer and intercession? Remember to PUSH – Pray Until Something Happens.

Today's Prayer:

Father, help us by your Holy Spirit to be persistent in our times of waiting on You. That we will not waiver or grow tired of waiting but rather we will keep being consistent and persistent as the friend and the widow in the parables.

Day 12: Keep Focus during the Race

Devotional:

Our lives are full of goals, from the moment we are conceived. The first goal is we make it to be born, then our parents focus on teaching us how to eat and how to talk and how to walk. Then we are little kids, and the focus is to get us ready for preschool, then we go to school, and we focus on finishing high school with good grades and get to good college or start a good career. We graduate from college and the next focus is to get a proper job that has good benefits that will allow you to prepare for the future when you retire. We go through all these motions of things to do and goals to accomplish and we sometimes fail to remember life can be short and time stops for no one, and our time on Earth should not be completely consume by these things but rather focus on doing God's purpose for our lives. We can compare life to a quarter-mile race. It is that short, it can end in seconds, and time is constantly running against us. When a mechanic carefully prepares his car to run on the track, he must make the right combinations. Combination of engine, transmission, differential, etc.; All this because he wants his car to make a good mark and above all to finish the race, that is, to reach the finish line. In the races of our lives, we are the cars and the mechanic's combinations are our decisions. An incorrect decision can take you against the fence, it can cause you to affect the race of others, or it can cause you not to finish the race. So how do we make sure we reach the finish line? We have to rely on God, only He is the expert with excellence in the races of life and can help us make the right decisions to achieve each of our goals. But more importantly He wants to guide us to reach the goals He had set for us when our lives were design. One of the best legacies we can leave is that those around us see that we, being imitators of Jesus, managed to achieve our goals because our decisions were always guided by God.

Today's Prayer:

Lord, give us wisdom to make the right decisions in every aspect of our everyday lives. Lord, help us to be sensitive to your Holy Spirit and allow Him to guide us to make the right decisions to achieve the goals I have set for my life and even more so the goals that You have for me. We trust in your guidance, show us the steps to plan, the correct people to connect with, the things to do. In Jesus name, Amen!

According to the World Health Organization, anxiety disorders are the world's most common mental disorder, affecting over 301 million people. When psychologist study the causes of people anxiety and depression, some of the most common and frequent stressors are uncontrollable concerns for : Finances (Jobs, Ability to Cover Basic Needs, How to provide for others), Health (Fear of developing sickness, Lack of resources for managing treatment, Physiological toll of a Physical or Emotional sickness), Relationships (Family relationships, Strain in communications, Fail Marriage, Separation, Loss of a love one) and Disruptive Events (Accidents, Nature Disasters, Social Unrest). Interestingly if we look at each one of the things cause us stress, we could see that there is in the Bible a promise that God had spoken over that specific subject. Bible researchers estimate that the Bible contains over 7,000 promises of God for mankind. Most of these promises are organized in the following categories: Salvation, Forgiveness, Eternity, Spiritual Growth, Strength, Provision, Protection, Peace, Healing and Health. And we know that all the things God promises He fulfills. So today our challenge is to think what is the thing that causes you the most stress and research at least things God promise about this. If you need help in your search, reach out to your brothers and sisters.

Today's Prayer:

Father, may we always remember that You are the God who keeps promises. As You manifested Yourself in glory over the life of Abraham, Isaac, Jacob, Noah, David, Sarah, and all the heroes of faith, so may You manifest Yourself in glory over my life. In yesterday's reflection we talk about the promises of God. But what about the promises that are specifically for your life? I was recently listening to the testimony of Denzel Washington. The famous American actor at the of 70 was getting baptize and rededicating his life to God and been ordained to become a minister. As part of his ordination, he mentioned that when he was 20 years old, and he was seating in the beauty parlor his mother worked at when a lady that God use in the spirit of Prophecy said to him boy you are going to travel the world and your will preach to millions of people. At the time she said this to him, he did not believe it and it did not make sense to him but many years later the words this woman of God spoke over him have come to past and now are being completely fulfill. Like the prophetic words he received, we also have received from God prophecies or words or dreams of the things God has prepared for our lives. But with the passing of time, we become busy and hurt by life situations, so we end up consciously or unconsciously forgetting about those promises. We don't understand why they have not come to pass yet, and we even question if they might be true or not, so we put them away and don't think about them and slowly let them die. Luckily for us God does not forget things and He is the business of bringing things back to life. In chapter 37 of the book Ezekiel, we get one most graphic descriptions of a story in the Bible. AS the prophet explains a vision in which God guide him show him a valley of dry bones and challenges him to prophecy that the bone will come back to life by His Word. The Lord said I will make breath enter you, and you will come to life. Ezekiel obey the Lord's words and describes step by step how they came back to life until he saw in front of him a reestablish great army of men. While this vision spoke of the restoration of Israel, the core truth behind it is real for our lives also. God can breathe life into any dream or promise that seem to have died in our lives and He can bring complete restoration, far beyond what we can imagine.

Today's Prayer:

Lord, you are our Restorer, you are the Author of Life and the Fulfiller of promises. On this day we cry out to you to bring back to life the remaining bones of the promises and dreams we had allowed to die. Bring up these promises from the closets of our hearts and minds and breathe life over them. Remind us of the things You have spoken over us and over our families and generations. Restore the lost promises and bring about testimonies that will bring Glory to Your name.

Sister Lankford, wife of Brother Lankford, remembered one event that happened about a year after the man’s leg grew out. A man came in with one arm missing; it had been severed ten years earlier in 1897, in a work-related accident. You could see down into the hole where it was rotting and turning black; bone was visible. Seymour asked the man, “Can you work with just one arm?” The man replied that he was given minimal paying jobs and could barely make enough money to even eat. Seymour shook his head and asked the man if he was married and had children, to which the man replied yes to both questions. “This man needs to be able to make a living. This man needs to work, and he needs to be able to pay his tithe. Will you tithe if I pray for you and God gives you your arm back?” Seymour asked teasingly. The man said yes. Seymour burst out laughing. “I’m just having fun.” He then laid his hands on the man’s shoulder and commanded the missing arm to grow out. Witnesses could see the bone growing and the flesh turning pink. Within a few seconds, the arm grew out, even down to the fingernails. Completely. The healed man stood in utter amazement. A few weeks later, the healed gentleman came back and explained how his former job was restored to him. He brought 200 coworkers with him: not all at once, but at different times. All were saved and healed when the saints’ laid hands upon them.” What we just read is a recorded testimony from the Azusa Street revival, in which God's power was manifested in a supernatural way. When we read testimonies like this and the testimonies of the miracles of Jesus, our minds are blown. These are things that go beyond our human comprehension of natural physics and explanations, but that is just the thing. God supersedes all we know and all we imagine. Jesus walked on water, healed all sorts of sickness, raised the dead, turn water into wine, multiply fish and bread and He said that we will do the works he did and even greater things. I mean can you imagine for a second how your brain, would process if you saw or experience in front of a miracle like the ones Jesus did or the one in this testimony.

Today's Prayer: Father, we come before you recognizing the our imagination falls short to fully comprehend the magnitude of your power. Please remove from our lives anything that is hindering us from been vessels of your manifested glory on earth. In Jesus name, Amen!

What is the most important thing on a check or a decree? The signature! If you have a check that is not properly signed you won't be able to cash it. In the same way if you have a decree or an order and it is not signed by the person with power it will not be effective. In our spiritual life the Blood of Jesus is the signature by which with all checks and decrees over our lives had been signed. The power of his Blood allows us atonement of our sins and salvation. It allows us to have direct access to God and be able to enter the Holy of Holies. The power of His blood gives us healing and makes us triumphant over death. By the price paid by his sacrifice and blood, we been granted the honor to be call children of God and coheirs with Christ. The next time we feel frustrated or powerless in front of a situation, we should pray with confidence, remembering that Jesus already paid the price for all. Also, as we go about our busy days, we should remember that Jesus did not die just so we could go to church on Sunday, or just so we post Bible verses with cute pictures and sing the latest worship song. He died and bore on his torn body the price so we would be granted the same authority He operated on. We have access to that through His Blood.

Today's Prayer:

We join heaven declaring "Worthy is the Lamb, who was slain, to receive power and riches and wisdom and strength and honor and glory and blessing!". Father thank you for giving us Jesus as a living sacrifice, and through his blood allowing us to have direct access to Your presence. Thank you for giving us through his blood, atonement of our sins and salvation. Thank you for his blood cleanses us and heals our bodies. Thank for his blood made of coheirs with Him. When we hear about aliens, we think of all the movies and cartoons with creepy, odd slimy looking creatures, but have you ever considered that as a believer you are an alien. Ok, before you start shouting that this is crazy, hear me out for a moment. When I say alien, I don't mean it in the sense of coming from a UFO or that I think you are ALF's cousin from Melmac. The word alien means something or someone that comes from another place. An alien is a creature that does not belong to this world. Ok maybe some of you are not convinced with the idea of been an alien, so let's put it this way, we are all ambassadors here. An ambassador is a person that was sent to another country to represent in that place the interests of their country of origin. Their biggest interest is not necessarily what happens in the country where they are situated but rather how the situations of that country could impact or affect their homeland. As believers we are citizens of heaven; heaven is our home and our place of belonging. Yet often we spend more time preoccupied with the things of this earth than we spend thinking about or preparing ourselves for our permanent eternal residence in heaven. We should consider reframing our way of thinking and living, because often time we behave as if we are just in Earth having a spiritual experience as Christians, when we are citizens of Heaven, having a bit of time on Earth, to fulfill our alien ambassador assignments and prepare ourselves to go home. When was the last time you took a moment to think of what heaven will look, sound, smell and feel like? Consider for a moment these words from John MacArthur: "Scripture repeatedly makes clear that heaven is a realm of unsurpassed joy, unfading glory, undiminished bliss, unlimited delights, and unending pleasures. Nothing about it can possibly be boring or humdrum. It will be a perfect existence. We will have unbroken fellowship with all heaven's inhabitants. Life there will be devoid of any sorrows, cares, tear, fears, or pain."

Today's Prayer:

Lord, help us live our lives with understanding of our eternity. Open our minds to beauty of the realm of heaven, give us dreams, visions and experiences that help us have a glimpse of all the beauties You have prepared for us. And help us by Your Holy Spirit to be good ambassadors of your Kingdom in the time you have determined that we need to be here. 🎵 Worship Songs for Today: Authority - Elevation Worship, Holy Forever - Chris Tomlin

Devotional: A sheriff is the highest rank in local law enforcement in a county, and they usually are recognized because they carry a prominent star shaped badge that makes it easy to identify them. That badge is the public representation that they had been granted authority to enforce the law and maintain the order in that region. Now if you see a sheriff that goes around everywhere wearing his uniform with his badge shining and always on display, but every time a crime or a situation happens in front of him all he does is smile or shrug and just keep on walking. What would you think of him? Would you believe that he has authority if you never see his authority been put into action? In sounds a bit silly, but now I want you to consider for a moment, some of us if not the majority of us are that sheriff. In the past days we have talked about the Power of Blood of Christ, we talk about the attributes of some of the many names of God and we spoke about the fact that God has things ready for us that are beyond our imagination. But is imperative we understand that through Jesus Blood, we were given authority to call upon the any and all the names of God and see the natural and the supernatural be moved. Yet many of us just walk around with our shining badge that says I am a Christian but are we really putting in action the authority that God has granted us and that Jesus paid such a heavy the price for. As we meditate today on that let us consider this phrase by John Owen: "God has work to do in this world; and to desert it because of its difficulties and entanglements, is to cast off His authority. It is not enough that we be just, that we be righteous, and walk with God in holiness; but we must also serve our generation, as David did before he fell asleep. God has a work to do; and not to help Him is to oppose Him."

Today's Prayer:

Lord, help us grow in the understanding of the authority you have given us through Christ. Anoint our mouths to speak with the authority you have given us, so we know when to speak and what to say. Anoint our bodies to walk and act with the authority you have given us, so we know what and how to do things. And guide us through your Holy Spirit to remain humble, remembering all we have, all we are and what we can do, is only by Your grace. In Jesus name, Amen!

When we talk about church, we often make the mistake of thinking about just a building or a body of Christian people that gather together. But when you look at the origin of the initial greek word Ekklesia, before it got translated. Ekklesia was made out of two greek words that mean the call out ones and it referred to a public assembly of people were they deliberated and made decisions that would impact that region. When Jesus called us to be Ekklesia or as translated in English church, He did not just mean to say we just meet together to sing, teach and pray. But it actually meant that we are ambassadors of His Kingdom, called to be causing and impact in the regions were we are. As we look upon this today, I will challenge you to take a minute to look at what the news headlines of your city and your country say. What do your headlines say? Do they reflect the impact of the local church? What do you want them to say?

In March 1858, evangelist Charles G. Finney was preaching in Boston and a prayer meeting was also being held. Most towns in Massachusetts were touched by the revival, with more than 5,000 conversions before March was out. A newspaper correspondent at the time wrote that revival issues were the most important situation in the cities. Most newspapers at the time considered revival events to be their front-page news. Here are some examples of the headlines:

- | | |
|--|---|
| New Haven, C.T. — City's largest church is filling up twice a day for prayer. | Schenectady, N. Y.— Mohak River Open for Baptisms. |
| Bethel, C.T. — Businesses close for an hour every day, all go to pray. | Newark, N. Y.— Firemen's Prayer Meeting Draws 2,000. |
| Albany, N.Y. — State legislators kneel to pray. | Washington, D. C.— Five Prayer Meetings Held in a Row. |
| | New Haven, C.T.— Revival Sweeps Yale. |

Today's Prayer:

Lord we desperately want to see changes in our cities and our nation. As we go into this time of prayer and seeking your face, we ask that you give us the blueprints of heaven for what you want to be done in our church, in our cities and in our region. The hottest part of a fire is where you see blue in the flames, in these areas the temperature can range 2,500 to 2,900 degrees Fahrenheit. This blue color indicates complete combustion, meaning there has been a perfect mixing of fuel and oxygen. To create a fire, you need three basic things Heat, Oxygen and Fuel. And as we just read the hottest burning happens when there is a perfect combination of the fuel and the oxygen. This reality is also real for revivals, we often wonder how we can attract more people to God, how can we cause an impact in our region. What is the latest technique to bring people attention to your church, or what is the latest craze on TikTok videos. And none of that is wrong, we can and should use all the tools we have at our disposal, but we need to understand none of that will cause revival or cause permanent impact in people's lives. If you look at the history of revivals, you will see a recipe that repeats just as the same way as the recipe for blue fire does. All revivals were preceded by a perfect mixture of genuine desperate hunger for the presence of God and an unrelenting prayer and intercession. So, if we truly want to see revival on our region, we need to consider how hungry are we for God and how hard are we willing to go into prayer and intercession?

Today's Prayer: Father, thank you for your faithfulness guiding us and sustaining us through these 21 days of fasting. Thank you for the words you have spoken over our hearts and minds during these days. Please help us to put to action the things you have been speaking to our spirits during this past days. Allow us to be a genuine breath of life to our community. Help us to become embers blown by your Holy Spirit to ignite fires of revival through Conroe, The Woodlands, Spring, Houston, Texas, The United States of America and through the nations. Thank you, for we have certainty that our generation will see a massive outpouring of your Holy Spirit and we will testify of the great things you will do. In Jesus name, Amen!
